

Step 1: To access and update your artist profile, click “**Members**” in the top right corner. Login. Then, select “**Artist Profile**” from the “Members” drop down selection.

Step 2: On the Artist Profile page, upload a “Profile image.” This image will sit next to your name when the people search the WEAD directory. This image will appear only as a thumbnail, so it's best to keep it simple. We recommend a headshot or a small detail from one of your pieces of art. We accept these file types: jpg, png, jpeg, The maximum file size is 1 MB for this image.

A screenshot of the WEAD 'NEW PROFILE' page (https://weadartists.org/new-profile/). The browser's address bar shows the URL. The website has a green header with the WEAD logo and navigation links: Event listings, Magazine, Web directory proj..., Art pubs and podc..., Board stuff, Kasha' artists to foll..., Andree, and State or Federal. A dark green navigation bar contains a search icon, 'Membership', and 'Members'. The 'NEW PROFILE' heading is visible. Below the heading, there are two main sections: 'Profile Image' and 'Username'. The 'Profile Image' section is highlighted with a red circle and contains a dashed box for uploading a file, a 'select files' button, and text indicating accepted file types (jpg, png, jpeg) and maximum file size (1 MB). The 'Username' section contains a text input field with the value 'PriscillaStadler'. Below these sections, there is a note about alphabetization: 'Your directory listing will be alphabetized by the first letter listed in "Last name". If you have a middle name, please list it with your first name.'

Step 3: On the Artist Profile page, complete your “Bio/Statement.” This section can be written in first person (e.g., “I am”) or third person (e.g., “she is”). We recommend that you include:

- The artistic mediums you work in
- A description of your artistic style or philosophy
- City where you are originally from
- Where you currently live
- Artistic influences
- Degrees or major courses of study, and with what institution you studied
- If you are self-taught, a brief description of your artistic explorations
- Recent or major exhibitions

After uploading your profile image and entering your “Bio/Statement,” be sure to scroll down to the bottom of the page and hit the green “Save” button.
